

Orange
Valves
Company

Pricelist

1. Who we are

Service and technical expertise drive everything we do.

Orange Valves Company (OVC) is an independent manufacturer and supplier of industrial valves and flow control solutions serving contractors, OEM's, distributors and industrial end-users in national and international markets.

Industrial systems operate under pressure, temperature and continuous operational demand. Every component must perform exactly as specified. Reliability and performance are essential. OVC combines technical expertise with pragmatic supply solutions, delivering quality valves and related components under the OVC brand supported by responsive service and structured sourcing.

Our objective is clear: to provide reliable flow control solutions without unnecessary complexity.

PRICELIST CONTENT

We have compiled this pricelist carefully and with attention. All prices listed in this pricelist are gross, in euros and exclusive of VAT. Contact OVC to receive your discount schedule.

Series 728

OVC stainless steel ball valve, full bore, PN40, with flanged connection

Materials:

- Body stainless steel (1.4408/aisi316)
- Adapter stainless steel (1.4408/aisi316)
- Seats PTFE
- Ball and stem stainless steel (aisi316)
- Stuffing box: PTFE / graphite
